To gain the public confidence is essential to business success, and it only can be gained by a steady course of faithful dealing with them. It is by this course that Messrs. Trott and Son have secured the great success of their "Myrtle Navy" tobacco. This confidence is not only a source of business to the firm, but also a source of economy which the consumers get the benefit of. The merchant never loses a moment of time in examining the quality of the tobacco. The same from the value of the goods. It is not necessary for the commercial traveler's trip to be burdened with a sample of "Myrtle Navy." All his customers know what it is, and know in an instant when it has been supplied. There is no room for any dispute about it. No waste of time or postage in writing complaints about it. These may look like trifles to the uninitiated, but they are money and money counts to the merchant who performs the work of distribution at the smallest possible cost. They are part of the success which the finest quality of tobacco grown can be sold at so cheap a price.

## How They Honored Him.

Bridge Street Church, says goodbye to its pastor, Mr. J. M. Haddon, who is leaving for Deseronto to take charge of the church there.

Bridge Street Church honored itself last night in honoring the retiring Pastor, Mr. J. M. Haddon, who is leaving for Deseronto to take charge of the church there.

Sunday School records contained not only the names, middle names, and surnames of the congregation, but also prominent members of other congregations. The proceedings were entirely spontaneous and unpremeditated, and were a fitting tribute to the pastor.

Mr. Haddon, who is leaving for Deseronto to take charge of the church there, was a member of the church for many years, and was a very successful pastor.

## DESERONTO.

**Serious Fire—A Man Breaks His Leg and Two Firemen Injured.**

Death of Mr. J. M. Haddon—Personal and Social Notes.

(From our Deseronto Correspondent.)

Deseronto, June 7.

This morning at one o'clock a fire was discovered in the South Block. It started in Mr. McManis's store and spread to the adjoining store occupied by Mr. Cole. The flames soon enveloped the entire building, the flames having barely time to escape. Nothing was saved.

The building was owned by Mr. A. Smith, of Southville, and was insured for \$4,000. Mr. Cole had a policy for \$4,000, and the flames had no insurance on their furniture.

Mr. Samuel Clark jumped from an upper window and broke his leg. Two members of the fire brigade had their heads smacked and cut by falling bricks.

Rev. R. J. Craig and Mrs. Craig arrived from Bermuda Saturday.

Mr. W. C. B. Haddon is visiting friends in Toronto.

Mr. Haddon died last Friday after a short illness and his funeral on Sunday was largely attended. Rev. J. J. Haddon conducted the services. The funeral was held at the residence of Mr. Haddon, and the body was taken to Belleville to be buried at St. James' Cemetery.

## OUR BUSINESS VENTURE A MANWORTH SUCCESS.

## GUTH'S Is a Gratiated Firm:

Friends, Hastingsonians, Boyers! We are more than pleased. You are

the cause of our pleasure! To you thanks

Last week the greatest yet! We were in sailing order, with everything

tight and snug and we did our best. The rush was immense. We ex-

ceeded our best expectations, and only regret that our staff were unable

to serve all we could wish. We put on three more salesmen, and our

friends will now find us ready for any emergencies.

IF YOU WANT CLOTHING COME!

IF YOU DON'T WANT CLOTHING COME ANYWAY, I COME!

Remember we offer you your choice from a Stock that has been bought by men who know the

Clothing Business from "ALPHA to OMEGA." The basis of our trade is a

\$55,000 STOCK.

The work of our trade is to sell you the best value for the least money. The finish of our trade is

to make every buyer a happy customer. Just a hint.—We start MEN'S SUITS at \$2.50, the best

are equally good bargains. Will you have some?

"Pointers."

The third number of this excellent little

"Pointers" is out and being sent through

the mail from coast to coast. The diffi-

culty of keeping up to the former number

in regard to the leading matter has been

overcome and it is pronounced by some to

be the best yet. A column of extracts from

letters and cards received from ministers,

Sunday school teachers, teachers

scholars and Christian workers in all parts

of the Dominion show how well it has

been received. "Pointers" is small, but its

question if any regular publication has

more of the simple and more that is

calculated to encourage and build up Chris-

tians. We can heartily recommend it.

Should any desire copies to be sent them

by Sunday school or other religious work,

if they will call at W. J. Reid &amp; Co.,

Belleville, they will be promptly sent, or

they will call at W. J. Reid &amp; Co. office

they will be supplied free of cost.

Belleville Progress.

The Ottawa Visitor remarks:—"Belleville

has an electric street railway within its grasp but the Council grasped at

the shadow and lost the substance. Within

ten years past that young

water works put in, bridged the Bay of

Quinte, had two magnificent churches

built, and collected and another

enlarged, and has enterprises and cap-

ital enough to keep abreast with the lead-

ing cities of the province. Still there are people down there

who think the town is dead and the coun-

try going to the dogs. They have 21 ad-

vertisers there and if they could manage to

have a few respectable literate there might

be some hope for the enterprise of the peo-

ple to business."

### DROWNING ACCIDENT.

A Young Man with a Punt Goes Overboard.

At about 11 o'clock this morning a drowning accident occurred upon the river. A young man named Edward Huddell, who was 22 years of age, and a boy named Waterhouse, were in a punt on the river a short distance above the Barrill dam. There was a considerable current at the place where they were, and being intent upon their work, did not notice that they were fast against the dam, when, when feeling their danger, Huddell was seized the oars and endeavored to check the speed of the punt, but could not do so. When but a few feet from the dam, Waterhouse jumped out of the boat and a log, which was in close proximity to the punt, fell from it to the river, and in this manner escaped. Huddell, however, made no effort to escape and in a few seconds was with the punt, precipitated over the side and into the swift current below. In going over the punt upset and the unfortunate young man and the boy both held on to the punt, and when the punt was seen to be beneath the log, it was in close proximity to the dam. The punt continued to float on down the river until it reached the bottom at the Barrill.

Andrew Stowack, who was in the vicinity of the accident, and who controlled, even out to the current was unable to reach the spot where the young man was seen to sink. An effort was made to recover the body, but up to the present time it has not been recovered.

The deceased was a son of Mr. John Huddell, an employee of the corporation, and was reported to be an industrious young man and was respected by all who knew him. The accident was a great loss to the family of many in life and bereavement.

## Daily Intelligence.

BELEVILLE, THURSDAY JUNE 16  
PATRIOTIC DISPLAY.

By the Editor of the Intelligence.

BELEVILLE, June 16, May 11, 1892. Sir—In view of the fact that the people of this city, who are so patriotic, why not try to celebrate a feeling of patriotism in Canada, as we do on this day of the year, by a proper celebration of July 1st, after the manner of celebrating July 4th here?

I have a proposition with you on a float decorated to represent the different provinces to suit the place, at which have a platform. Read the articles of Confederation (I don't suppose one man in five has ever read them), have patriotic speeches (not political speeches), have patriotic songs by school children and others; and at 12 noon a salute, as is now done, and have sports and games in the afternoon.

Little place of 700 inhabitants have a celebration here, and I think it has a very good effect on the foreign population, and makes a pleasant way to spend a day, but if the day is to be a foreign, let us have "patriotic" as not to be troubled with any of the speakers.

Yours truly, W. F. VANNOOT.

I merely write this suggestion as to what may be done on future July 1st.

Our correspondent makes suggestions which do him credit. That Canada are less patriotic than Americans are not admit. That the contrary is the case we believe; for, whilst the United States has been populated by emigrants from nearly every country in Europe, including the aristocrats, political extremists and refugees who regard the restraint of law as tyranny and who could not, therefore, be loyal to any country in which the laws are firmly established, the greater part of the immigration into Canada, which was originally populated by British loyalists, has been chiefly that of loyal subjects of Great Britain and Ireland, many thousands of whom came hither in preference to going to the States because they could not get new homes, continue to dwell under the old flag amidst other loyal and law-abiding subjects of the empire. It is true, however, whilst the people of the Dominion are more demonstrative of their patriotism than are their fellow subjects in the old land, they have yet been less so than their neighbors of the Republic.

There being no division of opinion here as to devotion to our form of government, and no large foreign population to convert from unalloyed faith, "spread-eagle" methods of demonstrating the loyalty of the people of this portion of the empire have not been resorted to in Canada to any great extent. To the reasons above given for the contrast being in favor of our neighbors, so far as display is concerned, is to be added the fact that, as we have had for the past quarter of a century, the time-honored festival of the Queen's birthday, and the Dominion Day following each and both equally worthy of loyal celebration, the result has been an "embarrassment of riches" in this regard.

Of late, however, an imitation of our neighbors' methods, in inflicting patriotic ideas into the minds of the school children through the holding of the national flag on the public schools on historic occasions, and otherwise, has been inaugurated.

Also, our correspondents will tell you that the people of Belleville will celebrate the silver anniversary of Confederation, which will occur this year with more than their usual enthusiasm.

In Belleville, we believe, as a former resident of this locality, be pleased to learn that there will be a grand demonstration, in which somewhere about one thousand patriotic Canadians will take part. The part, that there will be no suffering inflicted by the military branches of the Independent Order of Foresters, in which organizations from the United States will take part; that there will be no extreme games, hand compulsion, base ball, ball games, con games, parachute drop, and aerial gymnastics, with a phylloxera and torchlight procession and a grand display of fireworks in the evening.

Thus, and with greatly decorated streets, will Belleville celebrate the twenty-fifth anniversary of Confederation and the fifteenth of her civil incorporation. The display will be a genuine and interesting one, and quite up to the American standard, as a demonstration of patriotic feeling.

The arrangements are so far advanced, through the untiring efforts of able and self-sacrificing citizens who form the nucleus of the patriotic committee, that we confidently expect that the celebration will be a most successful one.

Yours truly, W. F. VANNOOT.

## Albert College

Commencement Exercises—The Exercises

Commencement Exercises—The Exercises

The annual prize competition in elocution at Albert College was held last evening in the college chapel. Mayor Rogers presided. The elocution was very successful. The prize was won by a student named J. H. Bell. It was a most successful and interesting contest.

Dr. Wright, Mr. Allan McFee and Mr. E. O. Firth acted as judges, and they had a difficult task to perform. Dr. Wright in giving the decision of the judges stated that among several of the competitors it was almost impossible to decide. They had taken votes, deliberated, conferred, etc., but still could not decide and rendered a unanimous decision.

The other taking part were as follows: Mr. Walker gave the recitation entitled "My Pipe." Miss Taylor gave "Come under my Vine." It was well rendered, and the recitation of the evening was better given or more enjoyed. It was a selection which could scarcely be awarded a prize, and yet it was magnificently given.

Miss Phillips rendered "The Glider Bird." She has a splendid voice, and her recitation was very graceful. It seemed too that Miss Phillips would be recommended among the successful competitors.

Mr. Sinclair gave "On the Lapphaphan" (with music accompaniment). Mr. Laing gave "The Diva." Mr. Campbell gave "The Execution of Montrose." Miss Taylor gave "The Country's Song." Her recitation was greatly admired. Her voice and manner were admirable. There were many in the audience who would have given a place to Miss Conolly.

To the successful one we offer the amount of "Best recitation" to Miss Phillips, Miss Conolly, and Miss Taylor will carry off the first prize. The successful ones, dressed with the National Anthem.

## SOCIAL &amp; PERSONAL

We are pleased to state that Mr. J. H. Haines is somewhat better today.

Mrs. Isaac Denzell of Northport, is visiting at Mr. D. M. Denzell, Mrs. Denzell, although 61 years of age, is active and able to read without the aid of glasses.

Mr. R. B. Chisholm has returned to the city from the Ottawa Normal School.

Miss Annie Mason, Belleville is the guest of Miss Minnie Killebeck—Kingston News.

W. L. Boller and J. H. Dunlop, of Ottawa, are here for the bridge camp have arrived.

Mr. R. Matheson, superintendent of the Institution for the Deaf and Dumb at Belleville, is giving a presentation to the City Hall on Monday, 27th of June.

Refreshments. Come one, come all. Admission 10c.

Good, trashy baking powder must go. Imperial Crown Baking Powder is the pure and reliable. It is made of best Crystal Grain Tartar and English Soda. All grocers sell it.

A gentleman, under forty years of age, whose hair was rapidly becoming thin and gray, used the Ayer's Hair Vigor, and in six months his hair was restored to its natural color, and even more than its former growth and vigor.

No smoker who has ever used the Myrtle Navy tobacco, for a month, ever relinquishes it for any other brand. Its flavor is rich and full, and it never burns the throat or parches the palate. In fact, the more you use of it, the more you like it.

D. L. Cerny, Toronto, Travelling Passenger Agent, P.R.R., says: Anti-Dandruff is a perfect remedy of Dandruff—the action is marvellous—in any case a few applications not only thoroughly removed excessive dandruff accumulation, but stopped falling of the hair, made it soft and pliable and promoted a valuable growth.

Children Cry for Pitcher's Castoria.

## County Councilors

June 17.

Council resumed at 2 p.m.

Mr. H. H. H. chairman of the Council in his address, referred to the following:

That the amount of J. A. Bell, of Hawdon, was a level road to be referred to the chairman for settlement.

That J. Ford be paid \$10 for building a level road (today) to be referred to the chairman for settlement.

That the Chairman and Superintendent take notice that they deem necessary in regard to filling ditch on gravel road in Hawdon village.

That the Chairman and Superintendent investigate the question of drainage on the Hawdon gravel road in Springfield, and take such action as they think best.

That this committee recommend that the sum of \$200 be granted to the township of Hawdon to assist in rebuilding a bridge over Hawdon creek near Sealey's mill, the sum being \$125.

That the Chairman and Superintendent confer with the G.T.E. Society in regard to building four extensions of the track and the County gravel road, near Palmer's hotel in Toronto.

That the Superintendent secure wire for a fence on the boundary line between Sidney and Toronto.

That J. Allen be paid \$5 for damages sustained on County road near J. Oakes's mill.

That the Chairman, Chairman, and Superintendent, with Messrs. Murphy, Pearson, Morley, McGowan, and Farley, be a committee to inspect Tweed bridge, with power to act.

That the amount of expenditure and recommendations on gravel roads, including \$401.40 paid for gravel pits in Hungerford, and repairs on several small bridges, be \$13,629.10 for the year 1892.

That the sum required for bridges, including \$200 for the gravel road, be \$4,000.

That the chairman and super. confer with the Ontario railway committee with respect to the dangerous condition of crossing near St. Clair on county gravel road.

All of which is respectfully submitted.

On motion the report was received and adopted and referred to the Ways and Means committee for an appropriate report.

On motion the report was received and adopted.

On motion the committee went into committee of the whole on by-laws, Mr. Martin in the chair.

The by-law on equalization was first considered.

Mr. Vermylia objected to the County Judge alone dealing with the matter of appeal if an appeal was made.

On motion the various clauses of the by-law were carried and the by-law was passed through its second reading.

The committee rose and reported progress and asked leave to sit again.—Granted.

The committee on Ways and Means resumed. Mr. Farley in the chair.

On motion, Judge Frazer was requested to furnish stationery for the chamber out of the money which was allowed.

Moved by Mr. West seconded by Mr. Thompson, that a special grant of \$100 be made to assist in repairing a road in Madoc Township.

The motion was read out of order.

Moved by Mr. Hagerman, seconded by Mr. Fleming, that Mr. Tredwell, be paid \$175 to fill settlement for losses sustained by the breaking down of Tweed bridge.

Mr. Vermylia thought that \$100 would be sufficient to pay the losses sustained.

Messrs. Murphy, Clark, Morton, Hagerman, and Aylsworth did not consider the amount excessive.

The motion of Mr. Hagerman was carried.

In reference to Mr. T. Tredwell's claim for land awarded by the County for road purposes, the motion was left with the Gravel Roads committee to report at the next meeting of the Council.

The motion of Mr. Hagerman was carried.

Mr. Murphy moved, seconded by Mr. Baker, that a committee composed of Mr. Vermylia and the mover be appointed to go to Toronto and endeavor to secure from the Ontario Government a grant to repair and bridge the road leading from Lonsdale and Bridgewater.

Mr. Murphy said if the Government would provide such a grant and a grant obtained, it would be a great boon to the township.

The motion was carried, and the delegation was to be named, as the appropriation was made in the session of the Legislature in January. The delegation should, in his opinion, go when the Parliament is in session.

## Undecided as Usual.

Toronto, June 18.—Hon. Edward

Blake has issued a statement for publication in reference to the invitation to accept an Irish seat in the Imperial House of Commons tendered him by the Irish leaders.

In this statement he says that he has declined the offer that he feared that he was too old and not sufficiently familiar with the affairs to be serviceable; yet, if it were thought that he could be in any degree useful to the great cause he would accept a safe seat, but he could not attempt a doubtful or costly contest.

**Fire at Pictou.**  
A Factory Burned—Loss \$10,000. Insurance \$8,000.

Pictou, Ont., June 18.—A fire broke out this morning in the factory of the Ontario Wire Fencing Co., totally destroying the building and some stores, including the valuable machinery and about ten miles of wire wire fencing. Loss about \$10,000. Insured in the "Euna" for \$8,000.

Inconvenience in the supposed cause of the fire, although the fire did not break out till 3 a.m., a gang of men were at work clearing away the debris and preparing to build.

**General Sessions.**  
Friday, June 17th.

Kelly vs. Kelly.—Pit v. C. J. Kelly, made a certain exchange of the chair for a piano and sewing machine, purchased from one M. T. Conley, a piano agent. Defendant retained the piano and sewing machine, and gave part of chattels agreed upon to agent in exchange, and refused to deliver the remainder, one horse and colt, alleging that piano was not of the value the agent had represented it to be. Action brought by pit. D. B. Kelly, as assignee of M. T. Conley, to compel delivery of the horse and colt.

Verdict for pit for \$120.—Porter for pit; Diamond Sol. and W.B. Northrup Counsel for defendant.

**The Chemist and the Explorer.**  
A man Stanley returned from his last expedition to Africa he told the world that he had found an inexhaustible supply of rubber trees in the interior of that dark continent. This at the time was intensely interesting, but it has lost very much of its interest since Higby, the chemist, has made it possible for us to have treacle, wort and any of the various wool materials from which our clothing is made, rendered perfectly waterproof, without changing either their appearance or the porous nature of the cloth in the slightest degree. Ladies or gentlemen may now have an outer garment made from material to their taste, which will keep out the rain without itself experiencing any of the discomforts produced by a rubber coat.

**Oh, What a Comfort.**  
Will you not remember the signal perhaps of the sure approach of that terrible disease Consumption. Ask your doctor to send you a bottle of this medicine. It will save your life.

**Christian Endeavor Excursion.**  
The Christian Endeavor Society of the Presbyterian Church, Deseronto, is to have an excursion to Belleville on next Thursday evening.

—Delaware delegates intended to push Senator Gray for the Presidential nomination in case of a failure to nominate Cleveland.

From what we have heard and a few things we know, let's begin to look good and say so on the 1st July—the silver wedding day of our Dominion.

The Anniversary of our Dominion's birth has for our merchants have entered into its spirit of celebration and will contribute their quota to the success of the day in the hope of doing some good to our industry and our fair *Empire* my previous attempt in this happy city is Canada of our pretensions.

Work is generally going on and by the first of next week all of our citizens will be entering a transformation. We have some some splendid sketches in progress of some of the devices and ——— we will leave you to be surprised and not to take out of school.

One thing is certain though, Bennett's Flags and Chimes and Japanese Lanterns are entering largely into the decorations, and for those who have not already ordered decided upon what to do and how to do it, they had better start in and get what they want and have suggestions and sketches made. Remember the flag should be only by

## Daily Intelligence.

BELLEVILLE, THURSDAY JUNE 30  
CANADA'S PROGRESS.

The first quarter century of Confederation being on the eve of completion, the time is opportune for a national stock-taking, by which the reader may judge, from the personal facts and figures and sources, of the results of the union which was consummated on July 1, 1867.

It is unnecessary to go back to the first ten years of our national life, because the facts have been fully reviewed in the past, but the showing for the past ten or twelve years—limited only by the date for which the official returns are accessible—will suffice for the purpose.

Outlying Alaska, the Dominion has 488,706 square miles more than the United States. Our Government at Ottawa rules over nearly as much territory as the whole of Europe.

The census shows that the total population of Canada in 1881 was 4,324,010, and in 1891, 4,829,411, an increase of 504,601, or 11.66 per cent.

The amount of capital invested in manufacturing industries has more than doubled during the past ten years, the increase being from \$165,800,000 in 1881 to \$353,836,817 in 1891.

The manufactured cotton imported into Canada in 1872 was valued at \$107,561, and in 1882 at \$115,228; while in 1891 the value of imports was only \$4,013,506.

The quantity of raw cotton imported from home manufacture has increased from 2,226,810 lbs. in 1872 to 19,342,009 lbs. in 1892, and to 36,633,517 lbs. in 1890.

Sugar under Cartwright tariff, ten lbs. for a dollar.

Sugar under Foster tariff, twenty two pounds for a dollar.

The value of animals and their products exported from Canada has increased from \$14,019,907 in 1875 to \$50,907,749 in 1891.

The exports of Canadian products have risen in value from \$62,431,020 in 1878 to \$188,001,066 in 1891.

The number of post-offices in Canada has increased from 5,375 in 1878 to 8,661 in 1891.

The postal revenues of Canada has increased from \$1,020,022 in 1875 to \$3,747,687 in 1891.

The amount of money orders issued in Canada in 1878 was \$7,130,396, and in 1891 it was \$12,478,178.

The amount of money deposited in the post-office savings banks increased from \$2,754,414 in 1878 to \$17,948,048 in 1891.

The value of wheat, four and one breadstuffs imported into Canada in 1878 was \$13,739,525, and in 1890 the value of these imports was only \$2,907,053.

The number of cattle exported from Canada in 1878 was 29,925, valued at \$1,162,384; while the number exported in 1891 was 117,765, valued at \$8,774,739.

The quantity of cheese exported from Canada in 1878 was 1,294 lbs., and in 1891 it was 117,416,001 lbs.

The value of cheese exported from Canada has risen from \$3,997,551 in 1878 to \$10,434,220 in 1891.

The quantity of coal produced in Canada has increased from 1,054,001 tons in 1878 to 2,760,000 tons in 1890.

The value of the yield of the fisheries of Canada has increased from \$13,310,078 in 1878 to \$17,714,702 in 1890.

The number of miles of railway in Canada has increased from 6,143 miles in 1878 to 12,356 miles in 1890, and 14,004 in 1891.

The number of passengers carried annually on Canadian railways has increased from 6,443,924 in 1878 to 12,821,202 in 1891.

The quantity of freight carried by Canadian railways has increased from 7,858,479 tons in 1878 to 50,747,469 tons in 1890.

The amount of bank notes in circulation in Canada has risen from \$19,301,101 in 1878 to \$37,182,768 in 1891.

The total deposits in the chartered banks of Canada have increased from \$71,000,160 in 1878 to \$181,946,632 in 1891.

The total amount of fire insurance in Canada has increased from \$409,909,701 in 1878 to \$707,749,568 in 1891.

The total amount of life insurance in

force in 1878 to \$248,307,000 in 1890. The number of principal and interest arrears and in default on mortgages held by the loan companies in Canada was in 1880, \$4,130,000, while in 1890 it was only \$2,000,000.

The amount received in the total mortgage held by the loan companies in Canada is less than 1 per cent.

The foreign trade of the United States was \$30 15 per cent of population in 1890, while the foreign trade of Canada in the same year was \$43 75 per cent of population.

No country in the world possesses so much iron as Canada. The supply is practically inexhaustible. Near Ottawa is a hill which would yield one hundred tons of ore per day for 100 years. Nova Scotia has a double the amount of iron ore. There are only two or three known deposits of nickel in the world, and that at Sudbury is the greatest. Our wheat production is 160 per cent more than that of the United States.

Since 1872, 340,001 farms of 160 acres each have been loaned under the act, amounting to 54,400 acres of land, amounting to 54,400 acres of land, amounting to 54,400 acres of land.

Canada comes fourth on the list of the world in shipping, being surpassed by Great Britain, the United States and Norway and Germany. France comes fifth and the United States sixth.

Only seven countries possess a greater telegraphic mileage than Canada, and the telegraph lines in Canada are more numerous than in any other country in the world.

Our canals have cost over fifty-one millions of dollars, and by means of them we have the largest and most important system of inland navigation in the world.

From Port Arthur, at the head of Lake Superior, to Liverpool is 4,494 miles, and of this distance we have navigable water within our own territory for 2,400 miles.

Our net public debt in 1890 was \$237,633,202. Great though this sum is it must be remembered that nearly the whole of our public debt has been created by the construction of railways and canals, and the utility and national importance, such as our railways and canals, and not as in European countries and the United States, by aggressive and defensive wars.

It is also worth remembering that the ungranted lands of the Dominion, belonging to the Dominion, worth at one dollar per acre, pay of the whole public debt, which just equals the amount spent upon our public works. I may be indefinitely re-estimated that the whole is only a negligible quantity in the world which has no public debt.

## WANT MORE PAY.

The Ottawa Senators think that they should receive more pay for their services.

Ottawa, June 30.—Some 60 or 70 Members of Parliament waited on the Premier yesterday and urged that the question of a permanent increase of the national indemnity to \$100 should be considered. It was pointed out that the cost of living in Ottawa had increased since 1872, when the indemnity was fixed and that the Senators, who then averaged one or two dollars a week, now run for four or five dollars a week.

Mr. John Abbott said that a permanent increase of the cost of legislation by \$100,000 was a very serious matter, but the Government would consider the question and try to meet the views of the members as far as possible.

It was about the lobby to be kept at that sort of compromise he effected and the indemnity fixed at \$100,000.

One member suggested that it be fixed at \$100,000 per session, to be paid monthly all the year round, whether the House was sitting or not, but subject to the Speaker's sanction from Ottawa during the meeting of Parliament. This suggestion seemed to meet with favor.

Ottawa, June 29.—Commercial Bulletin. Noting to the export of eggs to Great Britain is rapidly increasing and that the price of eggs is now higher than there for Canadian eggs. The most important point brought out by the Bulletin is that the McKinley tariff has not had the effect of reducing the price of eggs in Canada.

The average price paid for eggs to the farmers of Ontario for the year ending in April of 1900, both inclusive, for the last three years shows that in 1898 the average price was twelve and one-half cents per dozen, in 1899 it was twelve and one-half cents per dozen, and in 1900 it was twelve and one-half cents per dozen.

Since the McKinley tariff came into power the average price of eggs in Canada has increased nearly half a cent a dozen.

## DIED IN ENGLAND.

British Columbia's Premier Dies in London.
